

Probabilistic Detection of GoF Design Patterns

The results of performing the proposed method compared with DEMiMA [1], Sempatrec [2], GTM [3], and SSA method [4] on five open-source projects, namely JHotDraw 5.1, JRefactory 2.6.24, Junit 3.7, QuickUML 2001, and MapperXML 1.9.7 for Singleton, Factory Method, Composite, Adapter, Observer, and State/Strategy patterns are presented as follows.
